future trouble.

GOOD CROPS IN CANADA.

Farmers Leave Good Lands in Minnesota for Western Canada.

Delegates representing a number of neighboring farmers in Clay county, Minnesota, who visited the Edmonton district of Western Canada last summer are evidently very well satisfied with the result of their trip. They think so well of the country that in addition to the privilege of obtaining a free homestead of 169 acres of land they have also purchased land. In a recent interview on the subject Messrs. | much to say of late of the splendid C. E. and A. Hughes of Barnesville, I work done by Mr. Arthur W. Fergu-Clay Co., say:

"We are well pleased with Western Canada. It is far ahead of what we expected. We find the climate to be warmer than we expected. As for the crops we have never seen anything that can compete with them. We have lived in Minnesota and have farmed thur Ferguson was born and received some of what they count the best lands in the Red River Valley for ten years surroundings which fitted him for the and have done very well in that part skillful interpreter he has since beof the country, and have farms there at present free of all encumberance, but believe that this country (Western Canada) is so much better that we Take Larative Bromo Quinine Tablets. All have bought from the Canadian Padruggists refund the money if it fails to cure. cific Railway Company one section of 25c. The genuine has L. B. Q. on each tablet. land northeast of Edmonton in the Beaver Hill district. We have traveled through that part of the country and have seen the grain in the gran-Piso's Cure for Consumption is our only aries and the amount of land that it medicine for coughs and colds.—Mrs. C. was taken off and find that they have Beltz, 439 8th Ave., Denver, Col., Nov. 8, '95. grown as much as fifty bushels and was taken off and find that they have over to the acre, and they say that this has not been a good year, and very litt's if any grain had been touched by the frost. Hay seems to be plentiful, and if you wish to put up log buildings you can get the logs within a few miles. Coal can be had at the mines for 75 cents per ton, or you can dig it yourself. Nearly all kinds of garden truck can be grown in abundance. We find everything that can be grown in good demand. The farmers tell us that they can get four and a half live weight per hundred for hogs. and for three year old steers from fifty come. He was educated at Georgetown to sixty dollars per head, providing college, they are good. We will move into that part of the country next summer. All the people in that part of the country ; seem satisfied, and we do not see any

> reason why they should not be so." The Messrs. Hughes also stated that that Ferguson first made his appearthey would be very glad to afford any- tince as an official interpreter. Mr. one desiring particulars about the Blaine's right hand man on that parcountry they had visited the fullest information, on receiving enquiries at I tis, who, in looking around for trans-Barnesville, Clay Co., before the 1st lators and interpreters, recalled that of June next, when it is understood they propose to return to the Edmon-

Baltimore & Ohio.

From time to time articles appear in various papers about the so-called interpreter by taking the memorable "Hill control" of Baltimore & Ohio. together with exhaustive details of various struggles which are supposed to be in progress between Mr. Hill and other people in the Baltimore & Ohio board. The details of these struggles are very interesting, but are open to the criticism that they have no existence in fact. The plain facts of the matter are, first that Mr. Hill does not control Baltimore & Ohio, nor has he at any time expressed any desire or taken any steps in that direction; second, that there has at no time been any differences of opinion between Mr. Hill and the Baltimore & Ohio people with regard to a selection of general manager, the selection of Mr. Underwood being satisfactory to everybody; and third, that the delay in regard to Mr. Underwood's acceptance of the general managership of Baltimore & Ohio was due to matters connected with the Soo Line more than anything

It is pretty well understood here that Mr. Hill was invited to interest himself in Baltimore & Ohio, on the theory that he could be of great service to the property as an adviser, and to this end he, with some of his friends, purchased a substantial interest in the preferred stock of the company. This interest is nowhere near a controlling interest, but is still very large. It may be said without fear of contradiction, that there is entire harmony in Baltimore & Ohio circles from top to bottom.

A Difficulty.

"My friend prides himself on not being susceptible to flattery," said Willie

"Yes," answered Miss Cayenne, "the only difficulty is that he doesn't believe you can say anything about him so complimentary that it isn't true .-Washington Star.

A Remedy for the Grippe.

A remedy recommended for patients afflicted with the grippe is Kemp's Balsam, which is especially adapted to diseases of the throat and lungs. Do not wait for the first symptoms of the disease, but get a bottle today and keep it on hand for use the moment it is needed. If neglected the grippe has a tendency to bring on pneumonia. The Balsam prevents this by keeping the cough loose. All druggists sell the

WAS A WEIGHTY TASK

THE PART FERGUSOM PLAYED IN PEACE NECOTIATIONS.

He First Became Famous During the Sessions of the Pan-American Congress by Delivering Blaine's Great Speech in

Cable reports from Paris have had son, attached to the American peace commission as official interpreter. He is the son of Col. Tom, Ferguson, who distinguished himself in the Mexican war, and at the close of that war located in Mexico. It was there that Arearly training amid the old Spanish

MR. ARTHUR W. FERGUSON.

It was when Blaine called together that notable assemblage from North, South and Central America, known as the International American congress. ticular occasion was William E. Curyoung Ferguson had spent his early life in a Spanish-American country, and was doubtless fitted for this particular work. Ferguson undertook the task, and he made his bow as official speech of James G. Blaine, greeting the South and Central Americans, and rendering it into Spanish. It was no easy task, for Blaine spoke rapidly and which always marked his discourse. But Ferguson did it not only rapidly and well, but with felicity of expression, such nice shading of figures and metaphors that it drew the enthusiasite applause of those Spanish auditors. It was such that when Blaine turned from the reading he remarked to some

state department officials: "I don't know whether that was my triumph or Ferguson's."

At all events Ferguson made his reputation then and there as an interpreter, who could not only give the letter of the speech, but could convey its spirit, even its accent and its modulations by which the speaker sought to impress one or the other feature upon his hearers. Since then he has acted as interpreter in many notable gatherings. He is a man of splendid physique, six feet three inches in height, broad shouldered and robust, weighing probably 250 pounds,

AN ACENT OF WEALTH.

Professor Arthur T. Hadley of Yale, the new president of the American Economic association, is a distinguished teacher of the science with which the organization concerns itself. For some years he has been professor of economics at Yale, and his writings upon that topic have been widely read. His text-book, "Economics," is one of the most useful volumes of its kind and is held in high esteem. Professor Hadley has a reputation as an economist that is not limited to the United States and he is in every way fitted for the post voted him by his fellows in the

PROF. HADLEY

printed next afternoon."--Cincinnati Yale's young debaters, and is very popular with the students. Among the candidates prominently mentioned for the presidency of the great school at Ask your grocer today to show you a New Haven, Professor Hadley is one

A Woman Fixed Thanksgiving Day. According to the Boston Transcript, was a woman who was the means of having a definite day in the year set apart for the national observance of Thanksgiving. Mrs. Sarah Josepha and 25c. per package. Sold by all Hale, a Boston woman, and editor of the first woman's magazine published in this country, worked for twenty years to accomplish this end. Time did not daunt her courage, but rather insilliness as from wickedness. A call creased her insistence. She wrote to has cloven hoofs as well as the devil. governors of states and to presidents of the United States. At last President Lincoln adopted her suggestion in 1864, when there was reason to rejoice over the success of the North in restoring the union.

Furnish Buckets for Garbage.

In the parish of Shoreditch, London, each dwelling is furnished with two sheet-iron buckets, one for garbage, the other for combustible refuse. The streets are cleaned by boys with brooms and dustpans. The sweepings are put in sheet-iron receptacles on the street corners. Carts belonging to the parish collect the refuse from the streets and dwellings and haul it to the public power plant. There it is used as fuel to produce steam to run the dynamos that light the parish by night and provide electrical power to small manufactories by day.

Newspaper for Himself.

It is perhaps not generally known that the German emperor has a paper published and printed exclusively for himself and for the empress. It is the Imperial Gazette of Berlin, containing a clear and concise daily summary of the world's news. The edition of this paper consists of two copies, doubtless the smallest edition of any paper published.

Garlie.

In 1548 garlie was introduced into England from the shores of the Mediterranean, where it is abundant. In Sicily it grows naturally. It was in greater repute with our ancestors, although it is still used as a seasoning herb. On the continent, especially in Italy, it is much used, and the French consider it an essential in many made

Loftlest Peak in America.

After-Effects GRII

Grip is a treacherous disease. You think it is cured and the slightest cold brings on a relapse.

Its victims are always left in a weakened condition - blood impure and impoverished: nerves shattered. Pneumonia, heart disease' and nervous prostration are often the

result. Dr. Williams' Pink Pills for Pale People will drive every trace of the poisonous germs from the system, build up and enrich the blood and strengthen the nerves. A trial will prove this. Read the evidence:

When the grip last visited this section Herman H. Eveler, When the grip last visited this section Herman H. Eveler, of SII W. Main St., Jefferson, Mo., a well-known contractor and builder, was one of the victims, and he has since been troubled with the after-effects of the disease. A year ago his health began to fail, and he was obliged to discontinue work. That he lives to-day is almost a miracle. He says:

"I was troubled with shortness of breath, palpitation of the heart and a general debility. My back also pained me severely.

"I tried one doctor after another and numerous remedies suggested by my friends, but without apparent benefit, and began to give up hope. Then I saw Dr. Williams' Pink Pills for Pale People extolled in a St. Louis paper, and after investigation decided to give them a trial. After using the first box I felt wonderfully relieved and was satisfied that the pills were putting me on the road to re-

covery. I bought two more boxes and continued taking them. "After taking four boxes of Dr. Williams Pink Pills for Pale People I am restored to good health. I feel like a new man, and having the will and energy of my former days returned. I am capable of transacting my bisiness with increased ambitton.
"Dr. Williams' Pink Puls for Pale People are a wonderful medicine and any one suffering from the after-effects of the grip will find that these pills are the specific." H. H. EVELER. Mr. Eveler will gladly answer any inquiry regarding this if stamp is enclosed. - From Cole Co. Democrat, Jefferson City. Mo.

Look for the full name on the package. At druggists or direct from the Dr. Williams Medicine Co., Schenectady, N.Y. 50c. per box. 6 boxes \$2.50.
